

**DEGREE PROGRAM
STUDENT LEARNING REPORT**

(Rev. August 2013)

ROGERS STATE UNIVERSITY
Department of Psychology, Sociology, & Criminal
Justice
For Academic Year 2012-2013

Effectively assessing a degree program should address a number of factors:

- 1) Valid student learning outcomes should be clearly articulated;
- 2) Valid assessment measures should be used, consistent with the standards of professional practice;
- 3) There should be evidence that assessment data are being used by faculty to make necessary instructional or assessment changes; and there should be evidence that instructional or assessment changes are being implemented to improve student learning.

- 6) (OPTIONAL) If your department or an individual faculty member has developed a teaching technique they believe improves student learning or student engagement in the classroom, please share it below. Examples can be seen at <http://www.rsu.edu/committees/assessment/docs/FacultyInsights.pdf> . Please briefly describe the instructional practice. More detail can be communicated during the face to face peer review session. The Peer Review Report does not rate this part, but it does note whether or not any contribution has been made.

Description

7) Assessment Measures:

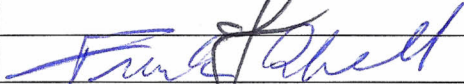

- A. How many different assessment measures were used? 18
- B. List the direct measures (see rubric): *Click here to enter text.*
- C. List the indirect measures (see rubric): Self-report survey, course grade was used due to lack of availability of comprehensive exam grades.

Documentation of Faculty Assessment

- 8) A. How many full time faculty (regardless of department affiliation) teach in the program? 9
- B. Provide the names and signatures of all faculty members who contributed to this report and indicate their respective roles:
