BACHELOR OF SCIENCE

Nursing RN-to-BSN** (118)

The Bachelor of Science in Nursing, specifically designed for the Registered Nurse, provides an opportunity for any licensed registered nurse educated at the associate degree or diploma level to achieve academic and personal goals and to develop stronger clinical reasoning and analytical skills to advance their careers. The Bachelor of Science in Nursing RN-to-BSN program is accredited by the Accreditation Commission for Education in Nursing.

Mission Statement:

The Rogers State University Bachelor of Science Program exists to build on Associate degree nursing graduates' (ADN) and Diploma graduates' educational preparation. The degree provides an opportunity for ADN and Diploma registered nurses to achieve academic and personal goals and to develop stronger clinical reasoning and analytical skills to advance their careers. Graduates of the Bachelor of Science RN-to-BSN degree in nursing are prepared for graduate programs in nursing. The nursing faculty supports the mission of Rogers State University. The faculty believes nursing education is best suited to institutions of higher learning and that evidence based practice and the use of critical thinking provide the foundation for appropriate clinical decision making. Concepts inherent in the practice of nursing are person, health, environment, nursing, nursing process, communication, learning, and nursing education at the associate and bachelor degree levels. . . .

Total Credit Hours 120			

***Advanced standing credit. Since this degree builds upon initial associate degree or diploma nursing preparation, the Registered Nurse receives advanced standing credit for a portion of the nursing major. Twentynine (29) hours of 3000 level nursing credit will be awarded via advanced standing based on appropriate state licensure documentation. These hours are represented on the degree plan as Professional Specialty.

**Pending approval by the Oklahoma State Regents for Higher Education.
