Graduation Survey

The Graduation Survey was distributed to all students who attended the May 2008 commencement rehearsal on May 9, 2008. These included graduates of the Spring 2008 semester as well as Summer 2007, Fall 2007, and Summer 2008 graduates. Each student attending the rehearsal was encouraged to complete the Graduation Survey and return it the same day. Of the surveys distributed, 173 were returned to Institutional Research, Planning, and Assessment.

The results of the Graduation Survey suggest that most students are satisfied with their experience at RSU especially with the quality of instruction. A limited number of demographic questions were asked of these students. However, the results show the majority of the students were taking classes on the Claremore campus and 29% were employed either in their major field or a closely related field. Additionally, 90% of the Associate in Applied Science students were Nursing or Emergency Medical Services majors, 21% of the Associate in Arts or Science were Business Administration majors, 18% of the Associate in Arts or Science were Elementary Education majors, and 28% of the Bachelor's degree seeking had majors in Business Administration.

Survey responses suggest that 90% of graduates believe RSU meets the needs of Northeast Oklahoma and its students. Additionally, RSU helps them meet their educational goals, helps develop the skills necessary to continue their education, and enables them to make better life and career decisions. Almost 90% of graduates indicated the RSU faculty show a high degree of interest in student learning and made learning enjoyable.

Comparing the May 2008 Graduation Survey to the survey of May 2007, RSU has shown a 2% improvement in the average overall graduate approval. The most significant increase was found in RSU's ability to prepare students for continuing their education. This means RSU students believe they are better prepared for pursuing a Master's degree than they were last year. In this area, there was a 19% increase of agreement from May 2007 to May 2008. Overall, RSU met the benchmark in most areas. The number of students currently employed full-time continues to decrease. This implies that RSU's student population is becoming more traditional and students are gaining full-time employment after graduation.

RSU set a benchmark of 85% for the May 2008 Graduation Survey. This benchmark was met in most areas. Topic areas below 85% are:

- Meeting needs of students
- Greater appreciation of diversity
- Scheduling classes to meet needs of students
- Using appropriate instructional media
- Comparison of quality of education to other colleges
- How likely to attend RSU again
- Satisfaction with advising

Table 1 presents the Graduation Survey Trend by Topic and Question comparing May 2007 to May 2008 and showing the three (3) year increase/decrease using May 2005 and May 2008. Chart 1 presents a graphical illustration of the Graduation Survey Trend by Topic and Question. As can be seen in this

chart, most students agreed or strongly agreed with questions concerning General Instruction, Faculty, and Classes. Table 2 presents a cumulative frequency distribution for the May 2008 Graduation Survey. Appendix A is a collection of graduation survey reports based on the degrees as indicated by the students. In two instances (Nursing and Community Counseling), graduates erroneously indicated completion of new bachelor degrees. In fact, there were no graduates from these degree programs during the survey year. Their survey responses were included in the overall results, but excluded in the appendix.

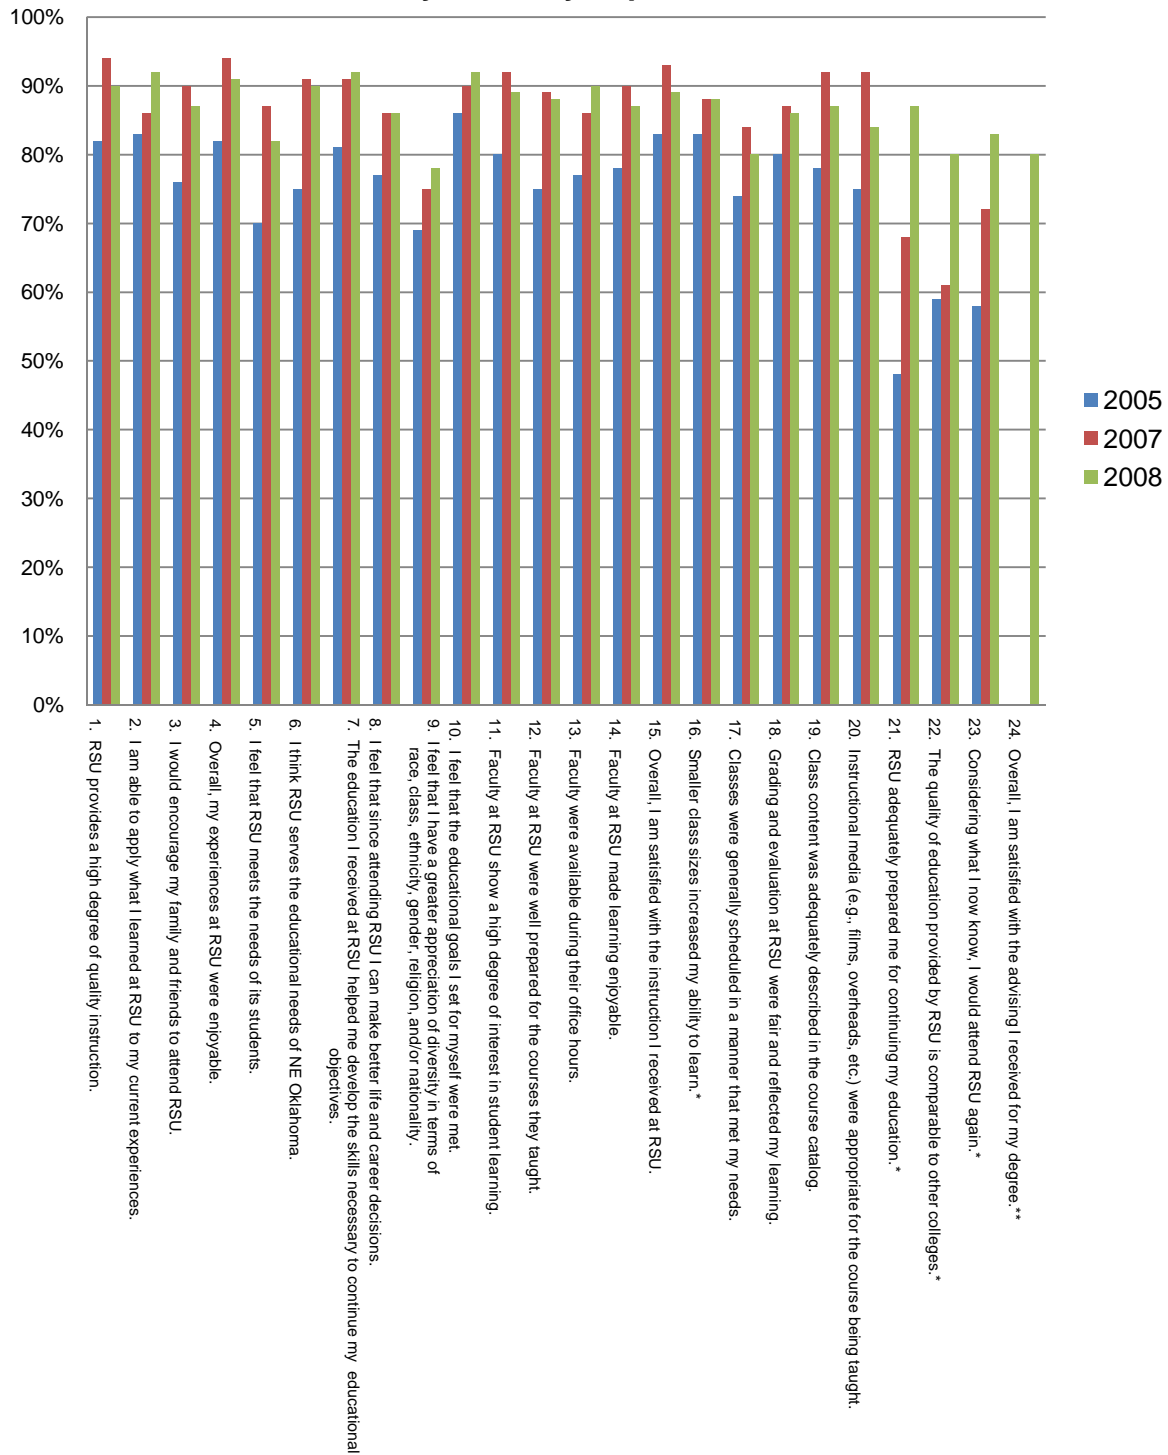

Table 1 Graduation Survey Trend by Topic and Question

	May 2005	May 2007	May 2008	1 Year Increase/ Decrease	Benchmark Met for Current Year	3 Year Increase/ Decrease

Starting or raising a family	2	1.16%
Completely undecided	2	1.16%
Other	2	1.16%

Total Valid	135	78.03%
Missing	38	21.97%
Total	173	100.00%

My PRINCIPAL activity upon graduation MOST LIKELY will be:

In your opinion, how might we improve our educational programs to better meet your needs?

1. Add graduate programs.
2. Better and more computers and printers in library and labs.
3. Better communication for online students including job interviews-nothing currently exists for online community.
4. Better student support.
5. Better variety of degree programs.
6. Break up huge books like CCAA into two semesters.
7. Disregard athletic program, focus on academics.
8. Expand editing bays.
9. Giving financial aid out sooner than four weeks after school starts.
10. Having a graduation ceremony in December.
11. Having better organization of class material. Also by not changing class material or requirements from semester to semester.
12. Making consistent WebCT sites with the same due dates; grading of assignments could be quicker.
13. More parking.
14. More teaching enthusiasm and input especially online.
15. Offer more block classes (8 weeks).
16. Offer more classes at Bartlesville.
17. Offer more classes at different times.
18. Offer more evening classes (after 5:00 pm).
19. Offer more classes online.
20. Offer more hands on training.
21. Online: please stress the importance of text book selection, improve supporting materials (slides), and appropriate discussions.
22. Periodic faculty evaluations by college president. Some faculty are not fulfilling their roles.
23. Providing timely grades each week instead of no response of feedback for anytime until week 10 then no response until graduation.
24. Redo TV classes for more world training.
25. Revamp BTAT capstone-see Lois O'Neal for specifics submitted.
26. RSU employs too many unqualified administrative staff such as financial aid and admissions etc. They are the first point of contact to most and don't always make this easy. They can easily discourage and misguide people from attending RSU.
27. Standardize most aspects of WebCT for non-online classes.
28. Stop paying for terrible athletics. We need new stuff not sports.
29. Teaching more Linux 05.
30. The school is wonderful however the Bartlesville campus is horrible. No advisors, managers, nor the admission officers know what they are doing and act like they DO NOT care either. Its been very hard continuing my education at the Bartlesville campus because of the service level and class availability.
