5. N/A

I really want to highlight the amount of work my professors and faculty have put into my education process. Dr. Andrews, Christi Mackey, and Dr. Newcomb were some of my top favorite professors. I wish that I could show my

8. A lot of the professors are great! They want you to do your best!
9. I think the department is doing a great job w/ staff and degree programs.
- I really enjoyed my degree program! But, I was unhappy with my academic advising because my assigned advisor has

23. The atmosphere created by the professors was a great environment for learning and growth.
24. Thank you for teaching me. Thank you for your effort, time, and attention. I appreciate you all.
25. Plans post grad should have more room
26. The proposal process is much too confusing. Requirements are unspecified and it would have been much more helpful to see an example(s) of proposals.
27. More "maybe" answers on this survey would help.
28. I now realize after this semester how vital it is to take classes traditionally. RSU offers a wonderful thinking community that I wished I could have witnessed more in person.
29. I really enjoyed my time here!
30. The small classes were instrumental to forming close and personal relationships with my professors. I never felt intimidated to come and ask for help.
31. Overall my experience has been wonderful. Being a nontraditional student that works during the day class scheduling and meeting with faculty has been difficult. Luckily faculty throughout have been understanding and helpful.

41. I wish more of my option involved more classes that focused on production

45. why I chose to go to rsu?

5. I live with my parents and had more important personal things to do.
6. I didn't know about the band concerts or many theatre productions.

8. Busy with jobs, homework, and internships.
9. It was hard to get out of my comfort zone to go, and then when I was comfortable enough with the campus, I no longer lived at or near the campus, so it was too inconvenient most of the time.
10. not enough time
11. I live off campus and am very anti social
12. as a mother and wife I have limited time
13. more involved with family and work
14. time was one of the biggest issues. I work at Sears and set my schedule up for a thirty- minute break for travel and change

17. there weren't any clubs having to do with my major

20. Had a high demand schedule that did not always allow me to
21. I am married and have a young son. Also, I commute. I live in BA, so it is quite a drive to get here.

38. Live in Pryor, worked.
39. I'm a non-traditional student/commuter, transfer student from TCC.
40. Worked full time
41. My schedule did not allow much room for other activities.
42. I live in Bartlesville and don't want to drive over everytime an event happens.
43. I have been an online only student until recently and was unaware of many activities. Also, as a parent, spouse, and full time worker, I don't have much free time.
44. I don't have the time available to do so as I work full time as well as attend school full time.
45. I am a non-traditional student that works. To many other responsibilities.
46. Organized group activities aren't really my thing.  
I didn't attend very many activities because of time constraint. Most of the activities are held 10 AM to 2 PM. I always
47. had class and/or work, so I could hardly ever make it to events. If they had been longer or held at a different time, I would've gladly attended more.
