When I took Dr. Chrissy Whiting-Madison's Intro to Psychology class, I fell head over heels in love with it. 106.	I never wanted to change my degree the advising was just terrible. RSU does not offer a Secondary Ed program but I am able to switch to Cameron with my associates. This seemed like an amazing option that would let me get the degree I wanted without having to move my family but no one at RSU seems to know anything about the credits and classes required to move on to Cameron.

25.	The only reason it's changed is that Professor Hartley has made me more confident with my choice.
26.	Once I began taking courses, I saw the other faculty member in the department is disorganized, is constantly canceling classes, and does not have a set curriculum. Students taking the same class in different semesters are typically taught very differently and it is not uncommon for them to be taught completely different materials.
27.	No
28.	No
29.	It changed because I feel that I will be a better teacher than a therapist. I feel that spending everyday during the week with a child could be just as impactful, if not more, than I could be as a therapist.

22.	I am an online student that has a family and full time job.
23.	I have two kids and a full time job it's just hard to also squeeze in time for activities on top of my kids' school activities.

32.	I did not share in campus activities because I am a busy mother of seven and I live roughly 45 minutes away. I selected RSU for its distance learning capabilities.
33.	The activities are located on the Claremore campus. As a non-traditional student, it is not feasible to drive to the event, attend and drive home on most weekday nights.
34.	N/A
35.	I lived in bartlesville and took classes in bartlesville or online, and rarely had a reason to drive to claremore.

38.	Time Constraints.
39.	None
40.	I was super busy with work.
41.	I live an hour from the campus, when I am there it is to study and attend class. If I were in an apartment or dorm room I would have loved to be a part of the activities offered.

61.	When I'm around other people for long periods of time, I start to feel on edge and uncomfortable, so when I'm not in class or an organization meeting, I have to have time for myself that's separate from time doing homework or studying. So, going to many activities provided by campus staff just isn't for me; I'm not one to get out of my comfort zone often, especially when it's just me by myself. If I would have had friends to go with, maybe it would have been a different story. Also, I'm just not a very social person.

71.	Went to Bartlesville Campus and didn't want to drive that far
72.	I always had a full time job while attending college as well as participating as a member of the US Air Force Reserve so I stayed pretty busy outside of my studies as well as time for friends and family. 79.	n/a
80.	I participated in SGA, but as a Bartlesville resident I did not have many opportunities to participate in other activities. I am also an adult learner with a job and family. Free time for extra activities is very limited.
