AGENDA ITEM #:

Reports.

SUBJECT: **Current Status Report on Program Requests.**

RECOMMENDATION:

This item is for information only.

BACKGROUND:

The Status Report on Program Requests tracks the status of all program requests received since July 1, 2009 as well as requests pending from the previous year.

POLICY ISSUES:

This report lists pending requests regarding degree programs as required by the State Regents' *Academic Program Approval* policy.

ANALYSIS:

The following pages contain the Current Degree Program Inventory and the following schedules:

1. Letters of Intent
2. Degree Program Requests Under Review
3. Approved New Program Requests
4. Requested Degree Program Deletions
5. Approved Degree Program Deletions
6. Requested Degree Program Name Changes
7. Approved Degree Program Name Changes
8. Requested Degree Designation Changes
9. Approved Degree Designation Changes
10. Cooperative Agreements
11. Requested Suspensions
12. Reinstated Programs
13. Inventory Reconciliations
14. Net Reduction Table

Letters of Intent notify other institutions of programs under consideration for submission from State System institutions. Letters of Intent, found in **Table 1** are kept on file for one year, after which, institutions may renew the letter of intent or withdraw it.

Table 2 lists all program proposals received by the State Regents. Those that have gone through a thorough review and are ready for State Regents consideration are listed with the upcoming State Regents' meeting date (i.e., Status: **June 24, 2010**). Many program submissions are still undergoing review by staff, and may be presented for consideration at a later State Regents' meeting.

Table 3 provides an updated listing of all the degree program submissions considered and approved by the State Regents since the beginning of the academic year.

Tables 4 and **5** are requested and approved degree program deletions from institutions for the academic year.

Tables 6 and **7** are requested and approved degree program name changes from institutions for the academic year.

Tables 8 and **9** are requested and approved degree designation changes from institutions for the academic year.

Table 10 provides a listing of submitted and approved cooperative agreements for the academic year.

Tables 11 and **12** provide a summary of suspended and reinstated programs for the academic year.

Table 13 provides requested inventory reconciliations from institutions for the academic year.

Table 14 provides a long-term summary of degree program deletions and additions by institutions over the past 18 years. In 1991, the State Regents implemented the Academic Planning and Resource Allocation initiative. Since that time, Academic Affairs has monitored how many programs institutions have added and deleted, encouraging institutions to reassess offerings to best serve students and demonstrate efficient use of scarce resources.
