10. Comments:

1. Campus policies are not enforced and students are not held accountable. Why should I follow the rules when nobody gets in trouble for breaking them? Nobody gets in trouble for alcohol or drug violations, and many users are underage. Residential Life never listened to any complaints and was slow to take action, I.E. the terrible WiFi connection in UVC throughout the whole year. The quality of sodexo food has seriously declined. During the first weeks of classes, or when large events are going on, the food is great. They put effort into the food because they want to impress people. As soon as those events are over, the food quality is terrible again. I kept finding hairs in my food, and many students felt sick after eating there. Having the dining hall open during breaks would also be nice for students that have to stay on campus. The UVC dorms were really nice and had a great community feel to them. Great idea, it really helped the freshman bond and get to know each other. I enjoyed all my professors and found they were all willing to help me understand concepts if I had questions. Overall, I did enjoy my year at RSU but there are some areas that could be improved. Thanks.

Need to offer all classes all the time, and not just when the department decides to. Need to keep degree requirements up to date. I have had to hop and skip around because only offering classes at a certain time of year. Offer more options in the summer, and also offer more classes in the area the degree says not a general fit for several majors. That is the whole reason to get a degree in a specific field.
2. Although I actually finished in December, I wanted to still give my input. I actually 'walked' Saturday, May 7 and was thrilled to be part of the largest group graduating at RSU. I love RSU!!
3. I am never able to get the classes I need when I need them and my classes get canceled all of the time. I do not feel like you care about my success at all.
4. The only complaint I have is that there are not many time options for the classes I need/want to take which interferes with my work schedule outside of school. I know this is due to your unfortunate budget cuts, though.
5. In case I was misunderstanding the wording of some of the categories, let me explain here: I am NOT AT ALL SATISFIED with how the college seems to be putting its priority on making the sports teams a bigger deal and building more places for the students to waste their money (and up-ing tuition) while taking away resources like the rec center and firing teachers. Also, I cannot vouch for other departments, but there are not enough of the major courses offered in the art department, to such a degree that it might be difficult, if not impossible to graduate in the four years that many scholarships are only good for.
6. Not enough variety in class availability/scheduling. Clubs also need to increase. Active Student Newspaper needed. Adjunct faculty needs to improve teaching ability, style, preparation. Sports- Football needed.
7. The English and Humanities department's capstone process needs attention.

Poor guidance when I first began taking course toward my major, there was no indication that I needed to take the classes in a certain order to avoid needed to wait a whole year before I could take a certain class. More clarity on the fact that certain classes are only available at certain times or a written guide as to what we should take would be nice since I wasn't assigned to an advisor from my department until I sought one out in my junior year. The professors I work with are amazing but it is becoming very apparent that they are over loaded and the work load expected of each is stretching them thin an making them less available to the students.
8. I do not like the 4 day schedule that RSU tried this year. It is hard on the biology students when we have such hard and compact classes. Also, the science labs need updated desperately. The pathways on the nature trail are a danger. RSU holds many 5k races on campus and I have known non-students to attend these races and get seriously injured due to the paths. This could eventually cause a lawsuit for RSU if not attended to.
9. RSU needs to work on the advisors and their role of advising. If that is their job...they need to do it. The History department advisors (some of them) are not good at all and no one knows how to communicate.

Faculty accessibility and accountability for some online courses could be reviewed. Some classes have not had but one

12. or two grades recorded nearing the end of the semester. This does not allow a student to adjust their performance to optimum levels. How can a student know where they stand in a class if very few grades are recorded? Other than that, the RSU experience has been stellar.

The head of the science department needs to be evaluated. Professor Graham isn't involved with her students, she is rude

13. and doesn't seem to care about her students. It took multiple people weeks to do homework online because she ignored our emails and wouldn't help fix the issue. I hope this isn't behavior RSU allows, and hope that it is corrected.

14. You folks are great.

15. Yes

16. There needs to be more of a campus life. There is not enough activities to invoke the amount of students the campus has

I am disappointed in the lack of student organizations at the Bartlesville campus. I also feel that since a majority of the students I encounter in Bartlesville are also adult degree seekers like myself there should be more course availability in the evening and not force us to have to take courses online. I also would like to mention that for the last 2 Semesters I

17. have paid more money in "fees" than I have in tuition. Considering most of these "fees" do not apply to the Bartlesville campus I think this is highly unfair. I should not be forced to pay an "Athletic Activity Fee" if I am not involved in any sports or attending the Claremore campus.

There needs to be more traditional evening classes available to working adults!! I very much enjoyed the night history classes, and did quite well because I liked what I was studying. As an adult student who has worked for the same

18. company for over 35 years, I can tell you that I am only trying to improve my position with the company that I helped to build. I am not seeking a new job, so Please take into consideration those working adults who are trying to better themselves!!

Overall I believe RSU is a great university and genuinely cares about the students. However, as a Freshman I was very disappointed with being forced to live in the new residence building. The apartment style dorms of UVA and UVB were

19. a huge factor in my decision to attend this university and my experience in UVC was undesirable. It was a very nice building though and I was very grateful that Rogers covered the cleaning of the common areas and restrooms. It was a thoughtful gesture.
