#### **Institutional Fact Book**

# Rogers State University

The information contained in the *Institutional Fact Book* is collected from several institutional offices. The enrollment and faculty data are based on the <u>preliminary</u> data stored after the last day to drop courses with no grade record, which is traditionally the end of the second week of classes. The tuition information is provided by the Office of the Bursar and the fiscal data is provided by the Budgeting and Accounting Department.

Please note that, to the extent possible, the data presented on the following pages represent snapshots taken at the same time of the academic year. In some instances, however, variations in reporting cycles have limited our ability to do so. For this reason, the reader who attempts to cross-reference certain data tables may find discrepancies which may not be due to inaccuracies in the data.

Additional copies may be printed or downloaded from the RSU Accountability and Academics website (http://www.rsu.edu/accountability/index.asp).
