Process and Instructions:

Operational planning is planning that takes place at the department level or across departments in an organization. RSU’s operational plans are developed by each department on an annual basis, and all department plans are guided by the University’s prioritized strategic actions selected by RSU’s Strategic Planning Committee. Departments may choose to include additional action items in their annual plans, but only those actions that support the annually prioritized strategic actions will be considered for institutional resources when resources become available. Further, key performance indicators are necessary to assess the success of each operational plan.
Operational plans will be submitted to and reviewed by the vice president for each respective area as well as the Strategic Planning Committee and the Budget Advisory Committee.

In the tables that follow, please work collaboratively with your team to select three to six strategic actions for the specific year of implementation for your Unit to accomplish.

**Years 3 and 4 Priorities:**

- Goal 2.1.1.1: Reduce/eliminate furlough days through increased revenue and cost containment
- Goal 2.2.1.1: Ensure competitive salaries for faculty and staff (full-time and part-time)
- Goal 1.1.1.6: Enhance and implement academic quality and persistence initiatives (Development of a first-year experience program)

Departments’ Operational Plans are reviewed by the Strategic Planning Committee and the Budget Advisory Committee to develop the upcoming budget for submission to OSRHE. Henceforth, each year after the University’s budget is finalized, departments will be informed of approval or disapproval of budget monies requested in their Operational Plans.
GOAL #1: INSPIRE STUDENT LEARNING AND DEVELOPMENT
