22. What originally attracted you to your degree program?	
1.	Scholarships
2.	Being able to apply art & creativity to real world scenarios
3.	I liked the diversity of it. I couldn't find one degree plan I liked, so I went with General Studies and got three minors I liked.

4.	Took a few web design classes a Macomb
5.	The experience I had doing graphic design in student orgs and at Student Affairs.
6.	The creative and entertainment aspects of both radio and TV in Communications.
7.	Visual art was always a hobby and something that interested me. When it came time to choose a college major a naturally gravitated toward the fine arts departments.
8.	The easiest to complete
9.	The class format allowed me to finish more quickly than a traditional degree.
10.	I wanted to be a nurse. I wanted to be a part of my patients care and help improve the outcomes of patients.
11.	Continuing education.
12.	Continuation from Paramedic, prehospital.
13.	I knew that a BSN level nurse was more appealing when applying for jobs in the future and I wanted the leadership capabilities that come along with a BSN level nurse.
14.	The fact that it met in-person in the evening which made it perfect for a working adult that loathes online work.
15.	goal to become a nurse
16.	Nursing ethics, patient-centered care, career flexibility, salary
17.	History, documentaries, public relations
18.	Learning to create quality content
19.	Love of film and music
20.	Journalism
21.	Work in Special education at the high school level
22.	I hated the classes that I was taking for a Business degree, so I was drawn to this degree because of the writing instead of the math involved.
23.	Always been interested in History
24.	Every company requires marketing, and marketing has always been interesting to me.
25.	It allowed me to pick different disciplines that I wanted to learn about without tying me to a singular major.
26.	Finishing the required prerequisite classes for Physician Assistant school while using most of the classes I had already completed for filling in the degree requirements.
27.	I was attracted the degree program because I had an interest in teaching.
28.	I have long desired to be a voice actor. Communications is most closely related to this occupation.
29.	I like sports and wanted to stay in them if possible
30.	CREATIVE WRITING COURSES, ANALYZING NOVELS.
31.	Good with numbers.
32.	I thought this degree program would prepare me to attain a public position.
33.	I love shopping honestly, and I thought the possibility to do marketing for an international fashion / makeup company would be amazing. I love to travel also, so working for an airline service would be awesome too. I like how broad of a degree the business administration degree is, your opportunities are endless.
34.	Proximity to home, cheaper than OU, OSU etc, originally a good criminal justice program
35.	Originally, it was because the Criminal Justice department had a reputation for being one of the best around. Unfortunately, that did not hold true.
36.	Flexibility and the time frame to quickly complete it.
37.	I graduated with a bachelors in business administration from RSU and began working in public accounting. After applying for scholarships and realizing how a MBA could increase my knowledge and expand my career options, I decided to pursue a MBA. The night classes and 8 week classes also attracted me to the program.
38.	Only degree offered online
39.	Interest in subject matter
40.	My first degree is a BA in English, but, as stated I found myself in an IT career. So, I have a couple AAS degrees in IT, but wanted a more advanced degree in my field should I ever move to other employers. And I like to continually learn, so the schooling is a natural interest. Also, I have been considering a Master's, and since I would pursue one in IT, it seemed reasonable to go for a BS first.
41.	Looked interesting
42.	To gain broad knowledge into the business world.
43.	Easy to obtain and you can work anywhere.
44.	I love to read and write
45.	Desire to learn more about the medical field.
46.	My love for children and wanting to see them excel
47.	The idea of the helping profession
48.	I like to work with numbers
49.	It was a major interest of mine
50.	Dr. Carolyn Taylor's guidance.
51.	medicine

52.	How versatile a biology degree is.
53.	Wanting to help people & being interested in the discipline.
54.	The opportunity to do multiple types jobs with this degree
55.	The balance between business and politics
56.	Fulfilled requirements for medical school
57.	Previous friends that attended
58.	Quick, all inclusive, had average NCLEX pass rates, and a good graduation rate.
59.	The business aspect and the different options I could do with the degree
60.	Claudia Glass
61.	Original degree was SCM, wanted to learn more about my career path.
62.	Love the subject matter
63.	My interest for sports and the fact that I had a couple of classes already completed through my associates degree.
64.	Film-making and Broadcasting.
65.	I was originally aiming for a degree in International Relations because I have a decent grasp of cultural differences and how to bridge them, and I have a knack for languages. Political Science was a step down when I transferred but still applicable.
66.	I am, and always have been, very passionate about English. I have been writing since I first learned how and always have carried two books with me wherever I go. Analyzing creative and nonfiction works comes naturally to me. I excel at expressing myself through writing and hoped there would be a career for me if I pursued a degree.
67.	Interesting courses and something I could see myself enjoying.
68.	Reach Higher program options
69.	Competitive Speech in high school
70.	Personally experienced Addiction
71.	It's a stable field.
72.	Love for the outdoors
73.	Previous work in technology
74.	The 8 week classes and the ability to finish the degree faster.
75.	Location and cost
76.	It had a lot of classes that I was interested in.
77.	Education of outdoors
78.	Making a difference
79.	I like numbers and math.
80.	I wanted something computer related, but not something unproven or gimmicky like game development
81.	Its availability on ground despite it being a computer science program.
82.	Flexibility of online program, and the ability to utilize my existing mix of hours for completion.
83.	They honored my previous out of state Horticulture credits and applied them to a degree.
84.	Interest in the subject and experience in desired study.
85.	The high pass rate, overall reviews of the staff, and knowing nurses that graduated from RSU
86.	This degree program contained most of my prerequisite courses to continue my studies in the medical field.
87.	The high passing rate for NCLEX of RSU's nursing program.
88.	flexibility in business world...
89.	My love for numbers, and detail.
90.	The quality of the department.
91.	My love for numbers and details

65.	I could study English for the rest of my life, and in a sense, I hope to do that. However, I never found myself challenged. I never felt that discussion went deeper than surface level or that majority of the things presented in class went above high school level education. I had hoped to be presented with things that moved me or challenged me as a person. I did find several works I loved, to be sure, but overall, I did not feel my college education went above any book club I've attended or prepared me for something important once I leave college. I am very scared of what my career choices are now that I'm leaving.

33.	Media strategies is the only training from my degree that I see directly applying to my long-term career path. I have already applied my senior capstone project to explore military recruiting media strategies. Everything that i learned from this degree and the minor in business administration that pertain to leadership training have helped prepare me for officer training.
34.	I got used to disappointment.

27. What do you want to tell the University or Department that this survey did not ask of you?	
1.	None
2.	I found it frustrating when classes were not offered every semester and if they were the classes I needed in order to graduate were offered at the same time. Fortunately the Arranged Study was able to keep me on track.
3.	The best part is the small class sizes.
4.	Since starting school in 2015, I think RSU has developed for the better as far as online classes and class times.
5.	Nothing.
6.	I do not appreciate having to pay for fees when I do not live on campus or use things that the campus offers. I come to campus 1 time a week and have a ridiculous amount of money to spend on fees for things that I do not use.
7.	Please consider having an in-person Masters degree program in the future.
8.	increase amount of clinical preceptor options. difficult to find
9.	I have stated concerns in other surveys. I feel like there is miscommunication in the registrars office.
10.	I thank you and appreciate each of you here at RSU!

12.	Dr. Grabowski had some good ideas, especially about scholarships. Listen to him.
13.	NA
14.	Juliet Evusa is the best professor that this school has! Never let her go.
15.	I don't have anything else to add to the survey.
16.	I have no extra comments.
17.	The School is poorly run. They need to get everyone on the same page so students are not always given the run around. There are a few good people, but not enough to make a huge difference.
18.	HAVE BEEN IN SEVERAL LEADERSHIP ROLES IN STUDENT ORGANIZATIONS.
19.	Faith Gates is an excellent Director and Advisor. She helped me grow as a person so that I feel like I will continue to succeed.
20.	The business department professors are amazing, they work with you and they are truly dedicated to your success.

Thank you for the experience - it was great to be back at RSU for my masters.

More consideration should be placed in RSU for the online and Bartlesville students. Many of these students are working harder than the average student due to having jobs or other obligations that make it impossible to be a traditional student and participate in everything offered.

N/A

I'd like to see more offerings from RSU for Master's programs. If RSU had some type of Master's in IT I would probably simply start that program immediately as I have had such a positive experience thus far.

Have a winter graduation and find a way to where we aren't limited to only five tickets

You need a campus gym or let people use the claremore expo again. It's total crap we are paying so much money and you guys still have to put faculty on furlough and can't give students those types of things.

Professor Millikin is amazing. She was my favorite professor throughout my entire RSU experience. She cares about her students and makes sure that they are understanding what she's teaching.

Some members of the department may go on political or persona opinion rants that take up a large portion of class and that can be frustrating.

N/A

Some of the professors were lackluster, but others were great, yet the survey only has room to combine these experiences. My two best professors in the program were Dr. Hicks and Taylor.

22. I enjoyed my years at RSU, but if I could change one thing about the medical molecular major it would be to make professors stop teaching new material the week before finals. Every professor I have had crams several chapters worth of material in the 2 class periods before the final. They do this to just get through the material so it can be tested on the final, and this sets students up for failure because there is not enough time to learn several chapters for EACH class in a weekend for finals week.

The administration offices, financial aid offices, etc could be run smoother. GPA for degrees should be calculated by only the classes required for the degree not based off the last semester before you applied for the degree.

NA

23. The teaching abilities of most of the department's teachers was severely lacking. We were taught incorrect information and given teachers that couldn't answer basic questions about the topics they taught. I had to teach myself all of the material on my own. The program was extremely unorganized. None of the students knew exactly what was expected of them. Most of the teachers never replied to emails and weren't in their office hours when meetings were set up with them.

24. Better communication practices with mature (older) students may need to be revisited for better effectiveness.

25. I want to ask that perhaps the English department has more challenging courses. I enjoyed Shakespeare because I had never delved deeper into him, as well as Children's Literature because it was not a subset of English I had explored. I want more classes like that--unique facets to English that is not in the mainstream. I also wish I had some form of help for what comes after college. I'm going off leads that people who did not go to my university are

26. giving me. A professor at a totally different college has told me about their career services, when I myself have never heard once about RSU's. I love some of my professors and don't mean it as a slight against them, but I wish things had been more educational for me. My favorite part of college was working on my thesis, alone, because I finally felt I had learned the most and was free to research the things I am passionate about.

27. The faculty in the arts department goes above and beyond for their students. I am very impressed by how they helped me when I thought I may have been asking too much. President Rice is also a great man of character, and I appreciate that he remembers me and my name every time we come across each other.

28. Please add an options for Masters students to this survey and all university communications. The lack of this as a selection, as well as it being an inherent part of RSU's culture as a population group, undermines the efforts of those that pursued this track, and their potential pride as an alumnus.

42.	Thank you!
43.	RSU needs more majors and needs to add the forensic accounting option back. For accounting majors, they need to offer more classes in class and provide real life, relative examples. The advisors for the Business department need to be better.
44.	Please find tutors for advanced classes, and get in class lectures, online is expensive and i have to teach myself.
45.	International students have specific needs, that are not only required to be met, but are not hard to achieve either. If they put in a little more effort to retain international students, especially in fields that international students are more interested in, they are bound to bring in good numbers further diversifying RSU and stopping the use of the institution as an academic pit stop to gather gen Ed classes at a lower cost before transferring out to the colleges they intended to attend in the first place.
46.	I think the Organizational Leadership program is an amazing opportunity for older adults, like me, who have large numbers of hours but no degree. Thank you for offering it.
47.	Please, don't let our instructors become completely dependent on online programs to teach classes.
48.	Thank you for all your assistance, guidance and encouragement... It is a pleasure to be an RSU alumni.

28. If you did not participate in campus enrichment activities, can you share some reasons why?	
1.	N/A
2.	Lack of advertising and busy schedule
3.	I work two jobs and go to school, so I only participated in my department club, SBA.
4.	As a nontraditional student, I felt that these activities were more geared toward traditional students. I also did not spend a lot of time on campus except to use the library and attend a few classes that were not available online.
5.	I work, go to school, and take care of my daughter. Not much time for other things.
6.	I live over 60 miles away, work full-time as a registered nurse, and I have a family.
7.	Adult student with full time employment
8.	I do not live on campus. I chose this program to get a degree and not meet other students besides who was in the program.
9.	No time for campus activities since I have a family, kids, a job and then school.
10.	busy with school, work, and family. I live in a different town
11.	I commute from Tulsa to Claremore and I am a non-traditional aged student
12.	Being a full time employee and not living in Claremore makes it difficult to attend.
13.	Did not have time
14.	NA
15.	NA
16.	I lived off campus, so the 20 minute commute was too much for me to be interested in driving for school events unfortunately.
17.	Busy working, and I lived an hour away from campus.
18.	Lived off campus.
19.	During my freshman and sophomore year I was very involved in CRU and BCM. Upon returning in 2017 to finish a BGS degree, my family life and a busy work schedule did not lend time to be involved in these organizations.
20.	The reason I was not able to attend many of the events/activities I wanted to was that they conflicted with my work schedule.
21.	The Greek life here is non existent and needs a lot of work. There needs to be more sports. Most of the time athletes are more social and tend to communicate with people better. They help lead the campus on and off the field.
22.	Too busy in out of school activities
23.	I work full-time so it is difficult for me to participate in on-campus groups
24.	I am a full time student, working 2 jobs, running a business, trying to plan a wedding, and trying to graduate. I barely have the time to breathe, much less go to a RSU sanctioned play.
25.	Campus activities were hard because I work, take 5-7 classes a semester, and am a single mother with middle school children whom play sports. There is not time.
26.	Working parent. Just not enough time.
27.	I played on the RSU women's soccer team all 4 years of my undergrad, but during the masters I had two children and could usually not make the events due to childcare or my husband's work schedule.
28.	I work fulltime and am an online student. Driving to Claremore for these activities is too far out of the way, and usually during work hours.
29.	N/A
30.	I am an online student, and live about 45 minutes off campus.
31.	NA
32.	I was an online student.
33.	Busy with school and work
34.	I live in Bartlesville and took most of my classes there. They do not have much of anything to do and I didn't have the time to travel to Claremore.
35.	N/A
36.	Worked full-time so did not have time to do extra activities
37.	I didnt live on campus and had to commute from another town to take my classes. Time constraints

38.	I worked while in school & also have 2 kids. Getting a babysitter for campus events wasn't easy unless it was happening during my class time.
39.	I attending mostly sporting events and not others because I was an athlete and it took majority of my time and conflicted with scheduling of other events.
40.	NA
41.	I did not have the time and they do not interest me.
42.	I was a full time employee, father, and husband that had to balance my time to fulfill all of my commitments and goals.
43.	I have a job and I live off campus with my wife. I do not have the desire/time to take part in campus enrichment activities.
44.	I was focusing on completing my education.
45.	I transferred to RSU to be closer to my family as I completed my degree; I was more focused on schoolwork.
46.	I live far away from campus and also did not hear much about anything I would have been interested in.
47.	I did not live on campus or Claremore most of the time of my college career. I probably would have gotten more involved if I knew more of the people I know now. Student Affairs did a great job keeping students aware of volunteer opportunities and events to participate via email and flyers.
48.	I am a single mother and full time employee. I was a caregiver for my mother until she passed this week. I work as an assistant at a school for students with developmental disabilities and I try to attend all the events that are planned to be supportive of the students.
49.	Live to far away
50.	I am an adult student with a full-time job and family. There just isn't time.
51.	I did not think about it or was busy with fulltime work, school, and family life.
52.	Graduate student with family, working full-time and in class in the evenings.
53.	I work 48 hours a week.
54.	Working mother
55.	I participated in campus enrichment activities
56.	N/A
57.	I live in Broken Arrow and have 4 children and a full-time job. I did not have time.
58.	I am 39 years old and have a family. That is where I spend my time when I am not studying for RSU.
59.	Commute and work
60.	The degree program that I took, was a very demanding and difficult one, and it prevented me from having too much free time. While I would've enjoyed partaking in more school activities, most of my time was spent studying, doing school work, in class, and working at my job.
61.	I am a parent and choose online classes which did not allow me time for campus activities.
62.	I am a non-traditional student, I have a family and cant just leave them out of things. I wish that some of the campus activities such as the carnival would have had the opportunity to take my family.
63.	N/A
64.	Working adult, so I did not have the time.
