

## General Education Student Learning Report (rev. 7/15)

Fall 2018 – Spring 2019

# Department of Business

Effectively assessing a degree program should address a number of factors:

- 1) Valid student learning outcomes should be clearly articulated;
- 2) Valid assessment measures should be used, consistent with the standards of professional practice;
- 3) There should be evidence that assessment data are being used by faculty to make necessary instructional or assessment changes; and there should be evidence that instructional or assessment changes are being implemented to improve student learning.

**PART 1**

**Discussion of Instructional Changes Resulting from 2017-2018 General Education Student Learning Report**

List and discuss all instructional or assessment changes proposed in Part 4 of last year's General Education Student Learning Report, whether implemented or not. Any other changes or assessment activities from last year, but not mentioned in last year's report, should be discussed here as well. Emphasis should be placed on student learning and considerations such as course improvements, the assessment process, and the budget. If no changes were planned or implemented, simply state "No changes were planned or implemented."

<b>Instructional or Assessment Changes</b>	<b>Changes Implemented (Y/N)</b>	<b>Impact of Changes on Degree Program Curriculum or Budget</b>
Obtain consistency across pre-test/post-test measures used within Economics courses.	Y	The Economics faculty have worked together to create consistency across assessment measures. This collaboration has also ensured consistency in content delivery across on-ground and online sections of all three Economics courses.

**PART 2**

**Discussion of the University Assessment Committee's 2017-2018 Peer Review Report**

[Complete this part only if the general education course(s) was among those that were peer reviewed last year.] The University Assessment Committee in its Degree Program Peer Review Report provided feedback and recommendations for improvement in assessment. List or accurately summarize all feedback and recommendations from the committee, and state whether they were implemented or will be implemented at a future date. If they were not or will not be implemented, please explain why. If no changes were recommended last year, simply state "No changes were recommended."

<b>Feedback and Recommended Changes from the University Assessment Committee</b>	<b>Suggestions Implemented (Y/N)</b>	<b>Changes that Were or Will Be Implemented, or Rationale for Changes that Were Not Implemented</b>
The courses were not subject to review in the previous cycle.	NA	NA

**PART 3**

**Analysis of Evidence of Student Learning Outcomes**

The five General Education Outcomes are listed below. For each outcome, indicate the General Education courses being assessed, and provide a brief narrative of the assessment measures and performance standards used, as well as the sampling methods and sample sizes. For each measure, document the results of the activity measured and draw any relevant conclusions related to strengths and weaknesses of their performance. Finally, indicate whether the performance measure was met or not.

ECON 2113	Pre & Post Test scores	Students will improve posttest scores over pretest scores by at least 10%.	Required course for all Business Administration majors. Three sections were included in measure.	n=41	Pretest avg – 51% Posttest avg – 82.3%	Learning improved by 31.3% as indicated from the pretest/posttest scores. Learning improvement was consistent between online sections and on-ground sections which indicates that the inconsistencies once present in instruction have been removed.	Y																		
ECON 2123	Comprehensive final exam scores.	Seventy percent of students will earn a C or better on the comprehensive final exam.	Three sections were chosen for inclusion.	n=74	<table border="1" data-bbox="440 1020 537 1398"> <thead> <tr> <th></th> <th>A</th> <th>B</th> <th>C</th> <th>D</th> <th>F</th> </tr> </thead> <tbody> <tr> <td>N</td> <td>19</td> <td>24</td> <td>17</td> <td>7</td> <td>7</td> </tr> <tr> <td>%</td> <td>26</td> <td>32.2</td> <td>23</td> <td>9.4</td> <td>9.4</td> </tr> </tbody> </table>		A	B	C	D	F	N	19	24	17	7	7	%	26	32.2	23	9.4	9.4	Eighty-one percent of students earned a C or better on the final exam. ECON 3003	Pre & Post Test scores	Students will improve posttest scores over pretest scores by at least 10%.	Required course for all Business Administration majors. Both sections were included in measure.	7 (on-ground section) 29 (online section)	Pretest avg – 64% Posttest avg – 83% Pretest avg – 47.5% Posttest avg – 73%	Learning improved by 19% in the on-ground section and 25.5% in the online section. Significant changes were once again made to the rigor of the course. The majority of students completing this course were business majors or non-majors who had completed both ECON 2113 and ECON 2123. This likely contributed to higher pretest scores within the sample. The N for the on-ground section was very small. The instructor allowed the assessment measure to be completed as an optional bonus assignment. Moving	Y

**PART 4**

**Proposed Instructional Changes Based on Conclusions Drawn from Evidence Presented Above**

State any proposed instructional or assessment changes to be implemented for the next academic year. They should be based on conclusions reported in Part 3 (above) or on informal activities, such as faculty meetings and discussions, conferences, pilot projects, textbook adoption, new course proposals, curriculum modifications, etc. Explain the rationale for these changes and how they will impact student learning and other considerations, such as curriculum, degree plan, assessment process, or budget. If no changes are planned, simply state "No changes are planned."

Curriculum that exposes students to global conflict resolution techniques and global conflict resolution responses/outcomes will be beneficial to a variety of majors.</p> <p>The department has very few service learning opportunities consistently woven into the curriculum. This course will provide a unique opportunity for service learning across multiple majors.</p>	<p>We believe that students will react positively to the addition of this curriculum and will see value in studying conflict resolution from a global perspective.</p> <p>We believe that adding service learning to the new course will provide for unique learning opportunities and result in positive learning experiences for our students.</p>

**PART 5**
