

## **Welcome to Rogers State University!**

Thank you for inquiring about Rogers State University's Bachelor of Science in Nursing RN-to-BSN Degree! The bachelor's degree for RNs is designed especially for you, an RN who has completed an associate degree or diploma program. Congratulations on taking the next step toward becoming a more effective clinician and leader in nursing and healthcare.

As a working professional you have many options to attain a bachelor's degree. You may elect to attend the BS/N program full-time or part-time. Required courses and electives may be taken concurrently or in later semesters after you have completed the nursing courses. Either way, all courses are completely online. Admission requirements, nursing course descriptions, the plan of study, and an application can be found on this website.

If you are a first time student at Rogers State University or a re-entering RSU student, you must first contact the Office of Enrollment Management to apply for admission or readmission to RSU. You can apply for admission online @ [rsu.edu](http://rsu.edu)

For an evaluation of a transfer transcript or general information, contact Tonya Jordan @ 918-343-7691 or [tjordan@rsu.edu](mailto:tjordan@rsu.edu). For specifics about the bachelor's curriculum, please contact Dr. Marla Smith at 918-343-6887 or [marlasmith@rsu.edu](mailto:marlasmith@rsu.edu) .

I am confident that the program can meet both your educational and professional needs. Thank you for your interest and I look forward to hearing from you.

Respectfully,

*Marla Smith*

Marla Smith, PhD, RN, CNE  
Associate Professor  
Coordinator, RN to BSN Online Nursing Program
