Dear Dr. Rice and Dr. Lynch:

This letter is formal notification of the action taken by the Accreditation Commission for Education in Nursing (ACEN) Board of Commissioners on June 5, 2023. The Commissioners thoroughly reviewed the substantive change report for the baccalaureate nursing program at Rogers State University related to the implementation of the Saint Francis off-campus instructional site, which will occur August 14, 2023. Based on this review, and considering the program's outcomes and next accreditation site visit date, the ACEN Board of Commissioners approved the substantive change, which is effective as of June 5, 2023.

Deliberations centered on the substantive change report, supporting documentation, and the recommendation of the Substantive Change Committee. The approved substantive change report and all related documentation will be added to the program's record.

We look forward to continued successes for your nursing program. If you have questions about this action or about ACEN policies and procedures, please contact me.

Sincerely,

Suzette Farmer, PhD, RN
Director
